2.1 Any User which Nemont determines to have violated any element of this AUP may be subject to a suspension or termination of service. Nemont will suspend service for violation of the AUP on the most limited basis as Nemont determines is reasonably practical under the circumstances to address the underlying violation. Nemont will attempt to notify Customer prior to suspending service for violation of the AUP (which may be via email or any other notification); provided, however, Nemont may suspend service without notice if Nemont becomes aware of a violation of any applicable law or regulation or activity, including but not limited to a violation of the AUP, that exposes Nemont to criminal or civil liability or that exposes the Nemont network or Nemont customers' network or property to harm. Such harm to a network may include, but is not limited to, risk of having an IP address placed on blacklists. Nemont may take such further action as Nemont determines to be appropriate under the circumstances to eliminate or preclude repeat violations, and Nemont shall not be liable for any damages of any nature suffered by any Customer, User, or any third party resulting in whole or in part from Nemont's exercise of its rights under this AUP.
