

# Irvine Ranch Outdoor Education Center

Humans need a healthy and safe Earth on which to continue living. Working to protect and sustain the Earth – known as sustainability – is not just for adults. By teaching the concept of sustainability, as well as hands-on lessons for putting it into practice, you prepare your children to continue these precepts into adulthood.

## Fall Harvest Day Camp

November 21- 23 | 9am - 4:30pm  
Boys & Girls age 7-12 | \$215 per camper

**Get the kids unplugged and into the great outdoors this Thanksgiving week!**

At the Fall Harvest camp we will:

- Explore the trails of O'Neill park and identify traditional uses of our native plants
- Learn how to create living systems that thrive by composting and conserving water
- Taste delicious local produce grown at our local farms
- Canoe on beautiful Oso Lake
- Give thanks for all of the gifts brought forth by the earth

Sign your son or daughter up today for an amazing experience that will truly prepare their hearts for Thanksgiving!
