Reminder:

Under ESSA all teacher assignments including non-core subjects will need to be scheduled in Assignment Input. The drop down list in the subject column now has additional courses to select from.

For CTE course descriptions please refer to the CTE Manual or view the link below:

http://www.hawaiipublicschools.org/DOE%20Forms/CTE/CTEhandbook.pdf

SPED Assignments:

SPED teachers should be scheduled in Assignment Input only if the SPED teacher is the Primary Teacher of Record for the course assignment. If the SPED teacher is considered Teacher 2 for the course assignment, then the SPED teacher does not have to be entered in Assignment Input.

Under the "SPED" column, there are three course types to select: (1) Non-SPED, (2) SPED, or (3) Alternate Assessment – for secondary SPED teachers with a class of all Alternate Assessment students.

1. For general education teachers, select *Non-SPED* for the course type.

2. Select *SPED* as the course type for all Elementary SPED teachers, regardless of whether or not students take the Hawaii State Alternate Assessments (HSA-Alt).

Elementary SPED teachers need to be ESSA Hawaii Qualified for Elementary Education through one of the Hawaii Qualified Teacher options.

3. For Secondary SPED teachers assigned to classes where students earn credit towards a Hawaii high school diploma, select *SPED* for the course type.

SPED teachers of these classes will need to meet the content requirement for the subject through one of the Hawaii Qualified Teacher options.

4. For Secondary SPED teachers assigned to classes where students of significant cognitive disabilities take the Alternate Assessment (HSA-Alt), select *Alternate Assessment* for the course type.

SPED teachers of these classes will need to meet the Elementary Education content requirement through one of the Hawaii Qualified Teacher options.

To delete a teacher record, click on the "X". Then click on "save" to make the deletion permanent.

Note:

Employee ID number 88888888 should be used for Substitute Teachers and employee ID number 77777777 should be used for vacant positions. Once the position has been filled by a regular teacher, replace the vacant employee ID or the Substitute employee ID with the teacher's actual employee ID number.

DO NOT CREATE A SEPARATE ROW FOR THE TEACHER.

To view more than the default 10 rows, use the "Show" pull-down menu to select 25, 50 or 100 rows.

When a required value is entered, the background color of the data column will turn blue, indicating an entry has been made but not saved. To ensure you do not lose any of your work, you should click on the **SAVE** button after each entry.
