

SHAPE

Shape. Tinker. Explore. Make.

STEMScouts.org

**DO MORE. SEE
MORE. KNOW
MORE.**

It's your world now. Explore it.

SHAPE

TINKER

Fizzy, bubbly and slimy. Fast, fierce and fun. STEM Scouts is all of that and more. Flip a switch and turn your brain on. Do cool experiments. Share ideas. Try new things and meet new people. Build a robot. Make elephant toothpaste. Learn what makes things fizzle or fly. Go on a modern-day treasure hunt. Make a paintball potion. Learn about animation. Do all this and more.

EXPLORE

MAKE

Why just read about science when you can do your own experiments? Learn about science, technology, engineering and math (STEM) in a whole new way. Do fun, hands-on experiments with scientists and engineers. Explore new things and learn about the mysteries all around you.

Earn electronic badges as you finish experiments. Learn how things work. Make some new friends. Learn to lead others. Check out what scientists do. See the world inside a drop of water and learn what makes a robot move. It's your world. Explore it all with STEM Scouts.
