****LOCATION CHANGE – THD, FOGELSON AUDITORIUM****

“Environmental & Climate Equity: A Local Perspective”

Carolee Estelle, M.D.

Associate Chief of Infection Prevention, Parkland Health & Hospital System
Assistant Professor of Medicine, Division of Infectious Diseases & Geographic Medicine, UT Southwestern Medical Center System
Dallas, Texas

Objectives:

- Review a few of the ways climate change will impact certain regions of the world differently.
- Identify which environmental issue poses the biggest health threat in the US and how.
- Discuss how historical policies are still impacting certain communities in Dallas today as it relates to environmental and climate issues.

April 12, 2023

“Nontuberculous Mycobacterial Infections”

Christian Larsen, M.D., MPH

Assistant Professor of Medicine, Division of Infectious Diseases | UT Southwestern Medical Center – Dallas, Texas

Objectives:

- Identify populations at risk for clinically significant nontuberculous mycobacterium infection.
- Discuss the appropriate criteria for initiating treatment of nontuberculous mycobacterial infections.

April 19, 2023

“HIV Screening, Prevention and Implementation for Ending the HIV Epidemic”

Shannon J. Koh, M.D.

Infection Care – Dallas, Texas Health Presbyterian Hospital Dallas – Dallas, Texas

Objectives:

- Discuss testing and treatment as prevention of HIV.
 - Review options for PrEP and efficacy.
- Discuss how to prescribe PrEP and how to monitor patients on PrEP.

April 26, 2023

“Challenging the Penicillin Allergy Label: What Can the Non-Allergist Do?”

Reuben Arasaratnam, M.D., MPH

Staff Physician Infectious Diseases, VA North Texas Health Care System
Assistant Professor, Division of Infectious Diseases & Geographic Medicine, UT Southwestern Medical Center
Dallas, Texas

Objectives:

- Describe the incidence and adverse impact of penicillin allergy label among hospitalized patients.
- Interpret histories of patients with penicillin allergy to stratify into low and high risk for performing direct amoxicillin challenge.
 - Review and formulate strategies for incorporating direct oral amoxicillin challenge into routine practice.

Doctors on the medical staffs practice independently and are not employees or agents of Texas Health hospitals or Texas Health Resources. © 2023 Texas Health Resources.

Target Audience: This activity is designed for internal medicine physicians and residents. We also invite physician assistants, nurse practitioners, nurses, and allied health professionals.

Department Chair: David Gonzales, M.D. – *chairman*, Department of Internal Medicine | Texas Health Presbyterian Hospital Dallas – Dallas, Texas
