MetaPWR™ addresses the underlying emotional patterns which contribute to one's body size, shape, and self-perception. This blend seeks to return individuals to emotional regulation and physical homeostasis. Individuals in need of MetaPWR™ may have repeatedly set strict standards for themselves in diet or weight-loss programs. They believe that by controlling their bodies they can force their desired result. Instead, their punitive withholding often results in backlash from the body as it desperately seeks to survive. The craving for certain foods can become excessive, resulting in dramatic swings in diet, weight, and mood. This usually leads to discouragement and feeling out of control as individuals berate themselves with criticism or self-hatred. MetaPWR™ can support individuals in releasing the heavy emotions and self-blame which contribute to physical and emotional pounds.

Alternatively, individuals may be trapped in cycles of perpetually withholding nourishment because of a distorted self-image, resulting in physical and emotional deprivation. This blend can help them return to loving, nurturing, and honoring their body and treating it with the respect it deserves. It also supports them in discovering feelings of self-worth that aren't skewed by perfectionism or outside approval.

As individuals learn to accept their body as it is, the body can more easily move toward its ideal expression. MetaPWR $^{\text{m}}$  encourages individuals to rise above self-judgment by embracing the body's natural beauty and inherent value, regardless of weight, shape, or appearance.

#### **SUGGESTED USES:**

Aromatic: Inhale from bottle or diffuse.

*Topical*: Dilute 1-3 drops with carrier oil and apply anywhere the body needs additional love and approval.

*Internal:* Take 1-2 drops under the tongue, in a capsule, or in water.

INGREDIENTS: Grapefruit, Lemon, Peppermint, Ginger, Cinnamon

**NEGATIVE EMOTIONS:** Self-criticism, worthless, disgust or hate for physical appearance, strict, self-judgment, body shame.

POSITIVE PROPERTIES: Worthy, self-acceptance, confident, embracing the body's individual beauty
