Winner Selection

Each valid entry will be given a serial number and the total number of valid entries received during the Promotion Period will be divided by the number of prizes to determine the Winners. In the event that the number derived has decimal values, the winning entries will be rounded down to the nearest whole number.

Examples:

1. For the First Prize, Second Prize and Third Prize:

If the Valid Entries is 3,000, it will then be divided by 3 allocated prizes; (3,000 ÷ 3 = 1,000). Verified entries with the serial number 1,000, 2,000 and 3,000 will be selected to win the prizes.

The first serial number derived (1,000) will be accorded First Prize, the second serial number derived (2,000) will be accorded Second Prize and the third serial number derived (3,000) will be accorded Third Prize.

2. For the 100 consolation prizes:

If the total Valid Entries is 3,000, the top 3 winners will be subtracted from the total (3,000 – 3 = 2,997).

The remaining Valid Entries will then be divided by 100 allocated prizes; (2,997 ÷ 100 = 29). Verified entries with the serial numbers 29, 58, 87 and so on will be selected to win the prizes.

A total of one hundred and three (103) participants will be selected as the winners (3 top prize winners and 100 consolation prize winners).

Each participant is eligible to win only one (01) prize during the Promotion Period.

Winners will be notified via WhatsApp application. The list of winners will also be announced on the Organiser's website <https://sushi-king.com/promotions/> OR/AND <https://www.facebook.com/sushikingasia/>
