ARCOTHERM SPACE HEATERS OF THE EK-C RANGE PROVIDE IMMEDIATE AND CLEAN HEAT

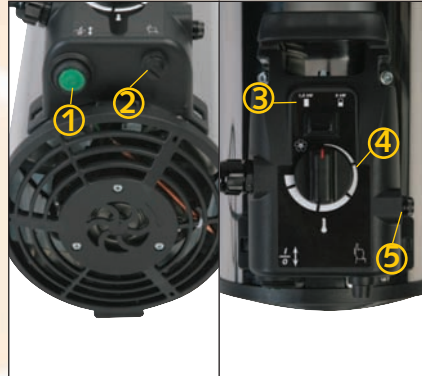

The ideal heating solution for all environments where diesel, methane and LPG cannot be used. Safe and low-noise, the electric heaters are practical and efficient, providing instant heat in small and medium-sized industrial and private buildings, warehouses and public areas. The heaters are a simple but highly effective solution for the commercial and construction sectors as they reduce drying and moisture removal times.

Technical features

Control panel

Ductability EK 10 C - EK 15 C

- a) Stainless steel grid
- b) Very strong steel plastic feet
- c) Power cord 1,5 m with plug
- d) Handle

- 1) Power switch
- 2) Safety thermostat with manual reset
- 3) Selector switch 1,5 - 3,0 kW
- 4) Room thermostat
- 5) Fuse

Optional

Trolley kit

- a) Stainless steel grid
- b) Very strong steel painted feet
- c) Power cord 1,5 m with plug
- d) Handle and power cord support

- 1) Selector switch
(EK 10: 0-fan-5 kW-10 kW)
(EK 15: 0-fan-10 kW-15 kW)
- 2) Room thermostat
- 3) Safety thermostat with manual reset

Trolley kit allows the machines stackability up to four units

model	EK 3 C	EK 10 C	EK 15 C
thermal power capacity (kW)	1,5÷3	5÷10	10÷15
airflow (m³/h)	500	1500	2000
temperature rise (°C)	36-52	30-65	45-70
power (W-A)	50-0,40	112-0,70	240-1,15
power requirement (V-Hz)	230-50	230-50	230-50
net weight (kg)	7	12	15
dimensions (mm)	367x180x280	505x277x511	575x277x511
shipping dimensions (mm)	392x277x217	542x387x315	610x387x315
gross weight (kg)	8	13	16

The specifications are not binding and may be modified without notice.
