# BRAND NEW GEL COLORS 2012/13 AUTUMN/WINTER

## Color trends, and trendy colors autumn/winter

Your clients ask for the latest trends? Manage them. Don't just follow the fashion. Be a dictator of fashion! We will guide you. Our trend developers report from Milano, Paris, and New York, which three color trends are the dominants on the fashion shows' stages. Soft and creamy summer hues turn into grays, the marriage of the forever trend color bluish purple flirts, and the bourdon/brownie hues, founded in the nature at fresh forests. Following from the summer trend: sparkling. Get your clients satisfaction with the new, exciting nature, and glittering effects (more details on page 9).

## DÉCOR GEL COLORS - autumn/winter collection

Tune up for the next season with the trendiest colors of 2012/13 autumn/winter. The fresh hues play in chords with the World's most famous haute couture. The colors come out with the accustomed Crystal Nails high covering ability.

## SOAK OFF DULL TOP

**For CrystaLac, colored gels, and**

Shineless, dull surface in minutes. Soak off, dull top gel for every product line (acrylic or gels, CrystaLac, nail polish). Keeps the colors crisp, but dull. Doesn't chip, like regular top coats. It's a must-have product for the latest trend.

**Creates a dull surface for every CrystaLac, or colored**

## TOP SEAL

**Less viscosity top**

A new, softer formula of the non-cleansing, never-ending shine, non-yellowing, popular Top Seal Gel. Thick enough to fill the lower spots, and can be applied without flowing to the cuticles. Save time in the finishing process. Less viscosity, ensures an easy application in wintertime, in a cold environment too.

## XTREME

**The power of**

Freshly developed product especially for strengthening natural nails. Creates more cross-links, which makes the natural nails harder. Gives incredible shine with the tiny diamond pieces inside.

## GLASS NAIL DESIGN

Cut the foils half, then you can use a foil for two nails.

The unique, designed foils give a special effect for free edges. Place to the form, and build the nail with clear nail enhancement product. The product will follow the design of the foils. Tip: Use acrylic system with a small drop of coloring the liquid. Or use glass effect gel to a special effect. No extra time needs.
