NEW! JOKER MANICURE BIT

The target of this bit is to lift up the cuticule skin, to cut or refine the upper side of this cuticule. Because of this we can call this bit all in one bit.

This nail made with the new Milky White Compact base gel, pro foil gel and silver Xtreme transferfoil by Dóra Dovicsák.

Unique shade
of the pink base gels,
what we can use in every phase in
salon work.

NEW! MILKY ROSE

Builder Gel

MODERATLY THICK BUILDER GEL

Light Pink shade and it has a similar ability to cover like the cover refill gel. unique shade of pink builder gels what we can use in every phase of salon work: building the whole nail, filling up, even for the babyboomer. Because of the amount of the pigments, it can cure in a thicker layer. Use a base gel for proper cohesion (Compact base gel). Cure this periodically to avoid the too much heat. For bending build a clear base because this gel couldn't get curved.

cure time: LED: 1-2min UV: 2-3min

CN Tip: Use the Low-Heat mode on the LEDextreme lamp.

NON CLEANSING DECOR GEL WITH FROST EFFECT

It could be used to build a whole nail with it but it can be used for decoration as well, because of the thickness of the material. The specialty of this gel is the rusty „sand-ish” effect on the surface. You can scratch patterns to the surface, thanks for the thickness. You can make color-transition too, because they can mixing easily. It can be used for 3D effects because it can be cure in a thicker layer.

6 different colors: white, peach, baby pink, lavender, baby blue and mint.

For the application, use these brushes: Gelly, Acrylic 3D, Phantom or Art Design.

It can be used as any 3D decor gel: top of the top shine.
