2021 Crystal Nails diaries

This year we give you 2 new spectacular designs for our usual diary: Holo Pink and White Flower. It has a snap fastener, so you can just lock it with one simple move. Also, we added a pen holder to it, so your pen would always close in case if you need it.

NEW!

Xtreme Superior Gel Cover Pink

This is the new, Cover Pink shade of our Xtreme Superior Gel. This is the new generation of the builder gels, which is a perfect choice for file-free technique. The cover pink is a natural cover color, which could be used for its own or for a french nail. For the proper cohesion, use a base gel before. It can be used for a refill as any refill material could but the coverage is stronger.

Cure time 2-3 min (UV), 1-2 min (LED)

New! ShapeX Curving Tweezers

Strong curving tweezers which can help you create parallels while you building a nail. Due to the strength we don't recommend you to use it for the base-layers but it is perfect for curving the already sculpted nail.

AUTUMN-WINTER 2020 / NEW! TIGER EYE INFINITY CRYSTALAC

NEW!

Tiger Eye Infinity CrystaLac – Silver, Gold

In this fall, The Tiger Eye Infinity will shine to us 2 new metallic shades: silver and gold. Cheer up the trend colors of the season with the new shades of Tiger Eye Infinity CrystaLacs. You can't choose? No problem, these two shades are great with each other as well.

It has to be used differently than the usual TigerEye products: it is recommended to use it in a black base, but it looks good in other darker shades as well: bordeaux, eggplant, dark green, dark blue. You can apply one layer of Tiger Eye Infinity on top of the colors above, and when you use the magnets for creating a shape.

You can use any kind of magnets but using the Multiform Tiger Eye Magnet you can create shapes, which otherwise could be created combining 2 normal magnets altogether.

AUTUMN-WINTER 2020 / NEW! ART GEL PRO + FLEXI FRENCH GEL

NEW!

Art Gel PRO

Creamy, soft, strongly pigmented art gel and the decoration has never been easier. The favorite attributes of the Art Gel remained unchanged: strong coverage even with a thin layer, non-cleansing. The Art Gel Pro has better, different consistency, which is easier to handle. The work with this product is way more faster and the result will be more homogeneous. We can draw a longer and thin ner line, it won't break. The brush is almost glide by itself on the surface. It is a perfect choice for contouring, for drawing thin lines due to the color's intensity. The Art Gel and The Art Gel Pro can be mixed together, so the variety of the colors is spectacular.

FROM
THE BEGINNING
OF OCTOBER!

New! SMALL Metal Suitcase

- Perfect for classes and school or you need only a few things
- We made this suitcase higher so the 40ml, the 100ml and even the new 250ml version of liquids could easily fit in
- You can organize your products more efficient, thanks to the rearrangeable walls
- We put plastic cover inside, so you can easily clean it up
- We added more wheels to it and it became more stable then ever.

accessories:
rearrangeable walls

size
(height*length*width)
170*230*160mm

New! BIG Metal Suitcase

- Excellent for education, training and when you would take more necessary things with you.
- You can adjust or remove the internal dividers as you wish, so you can arrange your new suitcase according to your needs.

Accessories:
Shoulder strap, space dividers, keys.

Size:
height: 370mm, length: 375mm, width: 250mm

Ergonomic carrying handle and detachable shoulder straps make traveling even more comfortable.

4 wheels for greater stability and protection of the suitcase.

4. The upper part is equipped with 2 medium and 1 larger pull-out storage, so it can comfortably fit your favorite CrystaLacs, nail arts, gels and even the Liquid holder.

5. The height and width of the lower part have also been increased, so even the transport of the 500ml refills or paper towels is not a problem.

Thanks to the lower plastic cover, you can also easily remove sticky dirt.

New! Large Metal Suitcase

- Great for education, training, longer trips or when you take a lot of things with you.
- Not only has its size and structure changed, but it has also received a number of extra accessories, so you can travel comfortably with it, even with plenty of things
- With its adjustable dividers, it is easier to organize and the products are less likely to be tilted.
- With its four 360° rotating wheels, the control of the suitcase has also become more optimal, so it has become much more convenient to transport.
- Plus, you can take it with you comfortably without even tilting your suitcase, so products are less likely to tip over.

Accessories:
Shoulder strap, space dividers, keys, + 1 EXTRA lid. (color and size matching).

Size: height: 920mm length: 370mm width: 285mm

You can **vary up to 7 ways** with the extra lid.
 So, this suitcase is an excellent helper even if you bring a lot of things with you or only the most necessary ones.

You can also use it **as 3 separate** suitcases.

1.
Removable top as
 LARGE suitcase

2.
Removable middle part as
 SMALL suitcase.

3.
Bottom as
 ROLLING suitcase
 (Can be varied in 2 ways)

4.
+1 pcs Extra lid as
 SMALL and ROLLING suitcases.
CN Tip:
 by using + 5cm you gain height.

The upper part, like the large suitcase, is equipped with 2 medium and 1 larger pull-out container and a larger lower part, so it can comfortably fit your favorite Crystalacs, decorations and gels even when placed in the Liquid holder.

CN TIP: You can also use the top as a stand-alone suitcase.

Excellent for storing all lower products, so jars, Crystalacs, diplomas, tools, machines and decorators are no problem.

CN Tip: You can also use the middle part as a separate suitcase with the extra lid.

Great for storing larger, taller products, so 500-1000ml refills, paper towels, tools and machines can fit comfortably.

CN Tip: You can also use the lower wheeled part as a separate suitcase with the extra lid.

Extra innovation! A pull-out lower drawer gives you easy access to the products placed at the bottom. Great for storing machines, tools, or anything you want to keep separate, but still want to have quick access.

The back of the upper part is equipped with an extra stiffening strap, so if you still bring this whole suitcase together, using it will give more stability to the suitcase and the pull lever.

The wide, telescopic drawbar can be adjusted to several heights, which keeps the entire rear part stable.

4 planetary wheels rotating 360 °, which makes the control of the suitcase even more optimal and much more convenient to transport with it. Plus, you can carry it comfortably with you without tilting your suitcase.

CN Advise:

By using the extra bracing strap optimizes weight distribution and makes transporting even more stable, as well as increasing the life of your suitcase.
