2020-2021 WINTER EXTRA

TREND

Winter Holly / Winter 2020-2021

The magical Winter Holly is a warm, almost brown deep bordeaux shade. We can easily make this deep shade into any of our outfits and styles even if it's a color gel or a gel polish. We can be adventurous and combine it with the color of this year, the classic blue. As the holiday is coming soon, the gold and rosegold decorations could make this fabulous base color more spectacular. And if we choose the new Swarovski Pixie to be our jewel to our Winter Holly, we can reach a very elegant and exquisite look!

Xtreme Fusion AcrylGel Shimmer Latte

One of our most wanted product-line has a shining new member, the Shimmer Latte with fine sparkles in it. This is the new generation of bulider gels: it won't burn while curing, Xtremely thick which makes the shaping effortless and the filing simple. In this product-line, we merged the best attributes the gels and acrylic, so you can work with this acrylgel as long as you wish. The consistency of this product is similar to the acrylic but it won't cure on air, only UV or LED lamp. When you filing, it's like magic: easier then the gels but the durability is close to the acrylic. Thanks to the tube-like package we can work with it lostless.

Recommended Use: with Xtreme Fusion AcrylGel Thinner

Cure Time: 4-5 min (UV/LED), 1-2 min (LED)

If you want your metal tools as clean as new, you can stop looking! With this product, the cleaning process will be more comfortable, practical and fast. We developed these machines to make easier your everyday salonwork: you can clean several tools at once. The design is practice, simple and clean. The container itself made of stainless steel. The program will lasts 5 minutes, and you can actually see the difference after.

How it works?

Fill up the container with liquid or water and the ultrasonic waves will vibrate the tools and the liquid itself, and these will

loosen up the stubborn contamination from the tools and it will remove the lighter contaminations easily. We recommend to us this machine for products what are waterproof and unscratched.

NEW! CrystalWipe - Wet nail wipes

These long time wanted special wet nail wipes will be the necessary part of your salon. We developed especially for professional usage so the efficiency is not a question at all. We can avoid the drying process of the products due to the exceptional resealable box.

NEW! CrystalWipe Surface cleaning wet wipe (Guava)

You can easily remove any sticky or dusty contaminations from the surface with these thread free wipes. It could be use for removing the material from the thread or surface of the jar. With its unique formula, it leaves no traces and it won't damage the treated surfaces. With its exotic guava scent, it makes the work even more pleasant with it.

30pcs / box

NEW! Nail- and Skin cleaning wet wipe (Blueberry)

The CrystalWipe Nail- and hand cleaning wet wipes makes it easy to remove the contaminations from the nail walls and from the skin surface.

The special wipe material gathers the contaminations and provides an easy access to the most difficult areas. With its unique formula cleans, degreases and nurtures the skin- and the nail plate surface in one step, and it doesn't affect the nail materials adhesion. Thanks to its lactic acid content it has an optimal pH value, so it won't dry out the skin or leave traces on it. With its magical blueberry scent, it makes the work even more pleasant with it.
