

MEMBER CONNECTION

“Committed To Excellence”

President's Letter

from Tony Camilleri

Summer has arrived in Fremont, bringing with it graduation, vacations and gorgeous warm weather! We too, are well into an exciting season here at Fremont Federal Credit Union including September marking our 70th birthday, a milestone in our credit union's history.

While providing a full line of financial products and services to meet your needs, it is truly the exhilaration of what member service entails and what our Fremont Federal Credit Union staff thrive upon. One of the best parts about working at Fremont Federal is that we have the opportunity every day to help people. We thrive on our members sharing in their joy of purchasing or refinancing their dream home or car. Enjoying, alongside with a member, as they revel in showing us pictures of their child's graduation. Sharing how our line of credit helped them have the best vacation of their life. Or hearing a member anxiously tell us the amazing experiences they have had with the boat, RV or motorcycle we helped them finance ... the loan is merely a means to an end. We like to think we are making dreams come true for our Credit Union family rather than simply giving them a loan.

Our Credit Union's strength and resolve goes beyond our financials, it goes beyond the brick and mortar, it goes to the core of our being, which are our people! Our members, volunteers and employees live the Credit Union Philosophy which is "People Helping People." That foundational truth is why we have always flourished throughout our history and that is why we can be assured that we will continue having a future. As summer sets in and fall follows, we will look forward to offering financial services that help fulfill the needs of our members. Beyond our commitment to be financially strong and stable, our number one goal is to provide you with good value and great service. Thank you for your loyalty to the Fremont Federal Credit Union.
