

Mobile ACLS® Emergency Medical Kit

Everything you need for the dental office, home or in the community

When time is critical, your ability to get the appropriate medications, devices and oxygen to the patient may be the difference between a life saved and a life lost. The Mobile ACLS® Emergency Medical Kit allows rapid response to those who need life-saving care, regardless of location. The responder can quickly access a complete set of medications and devices to sustain Basic Life Support, Advanced Cardiac Life Support (ACLS) or Pediatric Advanced Life Support (PALS) for up to 30 minutes.

For the advanced dental practice, the kit provides medications and devices that are appropriate for IV sedation emergencies.

AED and Oxygen Sold Separately

THE OnTraQ QUALITY REFILL SYSTEM With HealthFirst's OnTraQ Quality Refill System, medication expiration dates are tracked and drugs are replaced automatically to maximize shelf-life, save money and ensure readiness.

Mobile ACLS[®] Emergency Medical Kit

Advanced Cardiac Life Support

A complete set of Medications, Devices, Oxygen* and Defibrillation to provide:

- ✓ Basic Life Support
- ✓ Advanced Cardiac Life Support (ACLS) for up to 30 minutes
- ✓ Pediatric Advanced Life Support (PALS) for up to 30 minutes
- ✓ Emergency response for IV sedation in the dental office
- ✓ Emergency care during disaster response

Part#	Description
10000	Mobile ACLS Emergency Medical Kit - Requires DEA license controlled substances to purchase
*Optional Accessories	
10000L	Laryngeal Mask Airway (LMA)
6200	Basic Emergency Oxygen System: Includes pre-filled E-Cylinder, variable regulator, masks & nasal cannula

Mobility for Rapid Response

When seconds can make the difference, recessed wheels and a telescoping handle allow the caregiver to respond to the patient, regardless of location.

Intuitive Organization

The Mobile ACLS organizes its medications and medical devices into sections, compartments and trays, all clearly labeled and categorized into key areas of care. This allows the responder to immediately assess and treat the patient without searching for devices and medications.

STAY COMPLIANT

The Mobile ACLS includes the **OnTraQ Quality Refill System**, which reduces costs, maximizes medication shelf life, ensures emergency readiness, and gives you the time to focus on your practice and your patients. The **OnTraQ Quality Refill System** will track, free-of-charge, the contents of your Mobile ACLS and automatically ship you replacement medications. It also provides a pre-addressed

envelope for safe disposal-by-mail of your unused medications. You will be billed for replacement medications and the disposal envelope at the time of shipment.

HealthFirst's mission is to provide dental professionals with compliance solutions and services to help protect your practice, your patients and your planet. Our products and services include solutions for emergency preparedness, OnSite and Online training, infection control, dental waste management, medication disposal and radiation management products.
