CORE™ Compliance Training and Tools

SIMPLIFYING OSHA AND HIPAA COMPLIANCE

Ease the burden of managing OSHA and HIPAA training and compliance with a convenient, online portal providing required courses, documentation and additional tools.

Simplifying compliance

Managing OSHA and HIPAA training and compliance can be a complex burden for dental and medical professionals. HealthFirst's CORE™ Compliance Training and Tools simplifies this responsibility through one convenient online portal.

Easier for managers

Assign courses, monitor progress, send reminders, and access certificates online. Oversee employees and compliance at the office, regional and corporate levels. Upload your office's own policies and assign them to team members.

Convenient for employees

Employees can take courses anytime, anywhere as an individual or a group. Each individual receives their own certificates.

Cost-effective solution

One annual fee provides the entire CORE Compliance Training and Tools for your whole team throughout the year. Take advantage of complete access to all the courses and tools.

Comprehensive program

CORE Compliance Training and Tools enables you to meet OSHA requirements, complete HIPAA training and take advantage of additional compliance tools.

Fourteen online courses – include required Bloodborne Pathogens, HIPAA and Hazard Communication Standard.

Safety plan builder – guides you to build OSHA-required plans customized for your facility. Includes exposure control, hazard communication, fire prevention, emergency action and sexual harassment (New York).

MSDS/SDS database and repository – search, view, print, store and organize SDSs from a database of millions.

Safety audit tool – guides you through safety self-audits to identify areas for improvement. Includes applicable OSHA regulations and HIPAA.

Federal regulations – search federal regulations and bookmark them to your account.

ICD-10 database – Ease the transition to the new ICD-10. Reduce rejected claims by correctly converting ICD-9 codes to ICD-10. Search and bookmark ICD-10 codes.
