

Product Data - Keep Me Sound

Keep ME Sound the all in one supplement that delivers on six fronts for complete health... Muscle supplement, Hoof supplement, Vitamin supplement, Joint supplement, Digestion supplement & Coat supplement

Horseman's Tips

Keep Me Sound contains all the supplemental nutrients required to develop and maintain a healthy Horse and to safe guard and protect a healthy horse from injury in a convenient 50g daily serving.

Each 50g serving contains,

Glucosamine

Glucosamine helps keep joints and cartilage lubricated and is essential to joint and connective tissue health.

Biotin, Lysine and Methionine

These important ingredients ensure sound, strong, healthy hooves. They optimise hoof growth and improve the integrity of the hoof. Methionine is necessary for keratin production which is essential for maintenance of skin and hair as well as hoof integrity.

Vitamin E

Vitamin E is a key antioxidant which protects the horse's red blood cells from damage during exercise.

Vitamin B12,B1,B2,B6

These B group vitamins are water soluble and are not stored in the body and require daily supplementation. They play a vital role in the metabolism of carbohydrates, fats and proteins producing energy. They help with blood cell formation, growth and efficient feed utilisation.

Yea-sacc

Yea-sacc is a yeast culture which stimulates fibre digesting bacteria for optimum feed utilisation and gut efficiency.

Liquorice

Liquorice stimulates mucus production which improves the health of the stomach lining and reduces the damage from stomach acid. It is an anti-inflammatory; it controls blood sugar and balances hormones.

Supplementing with Keep me Sound complements a well-balanced diet by providing an adequate intake of essential nutrients. You can see, feel and enjoy the difference Keep me Sound makes.
