

Join Cheryl Corson for three webinars plus three live Q&A sessions on:

PASSING SECTION 4 OF THE LARE

The next LARE is March 31st-April 12th. If you've not taken the new format Section 4, or have taken it unsuccessfully, these webinars will help you get organized, study for, and conquer this tough exam.

Few people teaching LARE review courses have taken the new format exam, but Cheryl has taken it twice, once nearly passing, and the second time with success. Due to its length, and breadth of topics, Section 4 requires more strategy than any other part of the LARE. With so much to cover, the webinar material is presented in three pre-recorded sessions, each followed by a live Q&A session. Students are treated with respect, and understanding of the challenge of adding test preparation to the responsibilities of adult life.

Session 1: Study Materials Overview and Scheduling Tips *video recording, 45 minutes*

- What to study, itemized in great detail
- Where to find study materials
- Suggested study schedule
- Why to take Section 4 sooner than later

Live Q&A Session: Thursday, February 6, 2014, 8-9pm EST

Session 2: Content Review *video recording, 2 hours*

- Grading, stormwater management, erosion and sediment control
- Specifications, contracts, and construction administration
- How to diagram grading problems, geared to the new exam format
- Important formulas and construction math calculations, and much more

Live Q&A Session: Thursday, February 20, 2014, 8-9pm EST

Session 3: Test Taking Strategy *video recording, 45 minutes*

- Using the weeks and days right before the exam wisely
- How to effectively spend your 4 ½ hours during the exam
- Using the skip, flag, and review functions to your best advantage
- How to sort questions to maximize right and left brain function, and more

Live Q&A Session: Thursday, March 13, 2014, 8-9pm EST

Registration price of \$145 for all three in the series (or \$55 each) includes:

- A link to watch your pre-recorded webinars any time, as often as you like
- A live online hour-long interactive Q & A session for each webinar
- Recording of each Q & A session you may watch any time as often as you like
- A discount code for 25% off CLARB's Section 4 sample question set
