

BenefitWallet™

Get started with medical expense management - and Simplee

You now have access to an end-to-end online medical expense management system that allows you to track, review, and pay medical claims and bills from all insurance-related providers, including health care, prescription, dental and vision.

Brought to you by BenefitWallet™ and powered by Simplee, this medical expense management system will save you time and money by bringing your health insurance and medical spending information into one place.

After logging into mybenefitwallet.com, follow these five easy steps to get started.
