State Championship Preview: No. 3 Springfield International Charter boys basketball takes on No. 1 Wareham in Div. IV title game. No. 3 Springfield International Charter and No. 1 Wareham will battle each other on Sunday for the Division IV boys basketball state championship.

Ajay Lopes has never been to a College state championship game, but the Wareham junior guard has heard plenty of stories.

His older brother, Justin, played in two at Bishop Stang, winning one in 2016.

I never got to experience it, but I heard the stories, said Ajay, who missed both of Stang's finals appearances because of his own youth basketball games. I heard about the experiences.

Justin Lopes has some advice for his brother and the rest of the Vikings.

Just don't take the moment for granted and don't overlook your opponent no matter who it is, he said. I lost one and I won one. When you lose one, it hurts. When we lost, we overlooked our opponent thinking it was over. It doesn't matter who you play.

I tell him all the time, 'Don't take that moment for granted. You never know what is going to happen. Just finish the job.'

Ever since they lost to Randolph in the 2022 Div. 4 Elite 8, the Vikings have been determined to make a deep playoff run and win the state championship.

No. 1 Wareham will get its chance at 2 p.m. on Sunday at the Tsongas Center in Lowell when it faces off against No. 3 Springfield International Charter in the Div. 4 title game.

I think that drive is what makes them work in the offseason and keeps them focused during the regular season, said Wareham head coach Steve Faniel. They don't want to lose. They almost hate losing more than they like winning.

It's the first state final appearance since 2010 for both teams. Wareham beat New Leadership 80-57 to capture the Div. 3 state championship that year while Springfield, previously known as Sabis, defeated Falmouth 83-52 in the Div. 2 title game.
