

## About NuSmart HRMS solution

NuSmart is an Oracle Netsuite SDN Partner and product development company focused on developing HRMS and other solutions on the SuiteCloud Platform.

We have complete product to manage human resources and empower employees from Recruitment to Retirement.

Currently we support Payroll in: Singapore, Malaysia, India, Nigeria, Uganda, Congo, Ghana and Dubai. We are rapidly expanding in the SEA region as well. Some of our customers include Moore Stephens, Destini, Goltens, Travecta Therapeutics, betKING, Alluvial, etc.

## NuSmart Benefits

NuSmart has developed a powerful set of integrated Payroll and Leave management solution for NetSuite Cloud ERP users to meet all HR management and statutory requirements.

It optimizes work by empowering operational excellence to dramatically increase efficiency and reduce cost.

NuSmart's Payroll empowers you to process the most complex payrolls in minutes, and generates multi-dimensional reports for different role based users. NuSmart's Leave management empowers employees real-time through the option of online leave application and access to related reports.

-  Tablet

## What makes us different

Presently, there is no native NetSuite app for HRMS solution in Asia, Middle East, and Africa. A lot of customers require one single integrated solution for HRMS.

NuSmart HRMS solution fills the gap for everyone and provides a **complete end-to-end solution**.
