We Want to Share Photos from Your Neighborhood

Send your high-quality photos to VillagesPics@gmail.com or 1100 Main St., The Villages, FL 32159. Include your name, phone number and village. Don't forget to name the people in your photo. For best quality, your digital image should be color and more than 1 MB in size.

John Edwards, Village of Osceola Hills: The Victory Drive Bocce Bunch has been playing at Burnsed Recreation Center on Saturday mornings for more than two years. The group plays in every season. The weekly organizers are Karen and Bob Alt.

Bunnie Knudson, Village of Tall Trees: Bunnie Knudson went fly fishing on Nov. 1 in Colorado. She caught a golden trout.

Be 'Amazed' at Upcoming Lonestar Concert

The country band with No. 1 hits, like "No News" and "Amazed" is coming to The Villages this month.

By KRISTEN FIORE
Daily Sun Senior Staff Writer

Music filled with rustic undertones and wholesome lyrics sung by a strong Southern accent will captivate audiences at The Sharon L. Morse Performing Arts Center this month.

Lonestar, known for No. 1 country hits such as "No News" and "Amazed" will perform at 5 p.m. and 8 p.m. Nov. 15.

The band has been together for more than 20 years and has released several platinum-selling records and No. 1 singles.

After a busy summer, the band is working mostly week-ends as they gear up for their Christmas tour, "The Not So Silent Night Tour."

Patrons of The Sharon can expect to hear all of the band's greatest hits, according to Michael Britt, Lonestar's lead guitarist and backup vocalist.

"You'll hear a bunch of stuff that you like and maybe some things that you forgot about," Britt said.

After more than two decades together, Britt said he enjoys knowing that people still love Lonestar's songs and it's a part of their lives.

From its start playing covers in bars to ultimately hitting the big stage for crowds of adoring fans, the band's core values are the same.

"Being away from home is

Country band Lonestar will perform at 5 and 8 p.m. Nov. 15 at The Sharon L. Morse Performing Arts Center.

the most challenging part, and trying to keep everyone in the band on the same page for over 25 years is a pretty awesome feat," Britt said. "The fact that we did when we first started is pretty cool."

Lonestar's most recent album, "Never Enders" captures the band's never-ending spirit, Britt said.

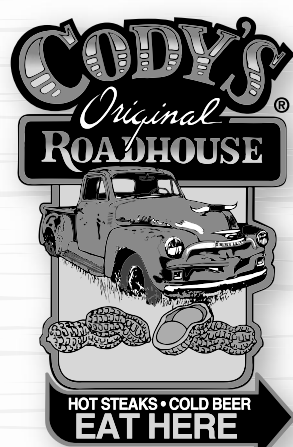

"We just always like putting out new stuff every few years, and that's just where we're at," Britt said. "It's a collection of songs that we felt like represented where we are now in our careers and the fact that we've been around so long."

Tickets still are available for those who want to come enjoy Lonestar favorites.

Tickets range in price from \$45 to \$95 and can be purchased online at thevillagesentertainment.com or at any Villages Box Office location.

DON'T PAY THOUSANDS FOR SPINAL DECOMPRESSION!

Local chiropractor gets tremendous results utilizing Cox Flexion Distraction technique to relieve sciatica pain.

Why waste your hard earned money?

Our technique is partially covered by insurances.

Dear Neighbor,

Compton Chiropractic has been serving The Villages® community since 2006. Our knowledgeable doctors and friendly staff treat sciatica pain on a daily basis. Our doctors excel in treating complicated cases. The Cox Flexion Distraction Technique was developed by Dr. James M. Cox in the early 1960s as a non-surgical method of treating disc related injuries.

Many are familiar with the terms herniated disc, sciatica, pinched nerve, bulging disc and stenosis. Most are also aware that surgery has been the most common treatment for these injuries in the past. However, years of research and technology have pushed us into the 21st century and now there is hope for those who suffer from this debilitating pain.

The doctors at Compton Chiropractic are Palmer graduates and have received advanced education on the Cox Technique. This conservative treatment has been shown to decrease intradiscal pressure by approximately 75%, thus allowing relief of the signs and symptoms of disc related pain and stenosis.

The average treatment time is only about 15 minutes and most patients complete care in as little as 6-12 visits. Just see for yourself how others have responded:

"I suffered from sciatica for 25 years until a friend told me about Dr. Compton. After four treatments I was back on the golf course and out of pain." - K.R.

"I thought I would live with this pain for the rest of my life, but thankfully I was wrong and Doc was right." - M.M.

"Dr. Compton fixed the numbness in my foot. I am back to playing tennis and loving it!" - J.J.

"I have had bad experiences with chiropractors before, but you're the best. I forgot what living without pain was like. Thanks, Dr. Compton." - C.C.

So if you are tired of the pain and want relief without surgery or having to pay thousands out of pocket, call us today. It is our goal to take new patients within one business day or less. So STOP SUFFERING and come see for yourself just how effective our approach can be. Call our office now to schedule your new patient exam and learn if this technique can save you from surgery and undue discomfort.
