* PER USE (Also known as "NEELEDROP", "DROP", "USE", OR "CUE") - Each time a piece of music (full or partial length) starts and stops within a production. Music may be edited and as long as the final edited version plays continuously within a production without stopping, it is considered a single "use." Exception: Editing a track to extend its length beyond the original running time of the longest version of that track as it appears in the catalog. This is considered "looping" and the license fee is doubled.

ENGLISH AND FRENCH LANGUAGE VERSIONS INCLUDED IN A SINGLE LICENCE
