

INFRASTRUCTURAL FACILITIES

Welingkar Institute of Management is a Dual mode institute and following resources are available on shared basis for Administrative / Academic activities.

- Administrative Office
- Classrooms for conducting :
 - ❖ Personal Contact Program
 - ❖ Various Workshops
 - ❖ Project Viva
 - ❖ Virtual Classroom Sessions

FOLLOWING ADDITIONAL ONLINE FACILITIES / RESOURCES ARE EXCLUSIVELY AVAILABLE FOR DISTANCE LEARNING STUDENTS

- **E-Books** is web based study material. It consists of chapter wise reading material in PDF format. Additionally it also contains summary, presentations, practice test and lectures videos at the end of every chapter. It also has Skill Builder Modules for every chapter to test the knowledge acquired in each chapter for each subject. E- Books are in downloadable format
- **We Lectures** : As supplementary to the course material, exhaustive video lectures on various subjects of the syllabus are uploaded for better understanding of the curriculum. These video lectures are developed by a competent team of faculty with vast industry & academic experience.
- **Audio Books** are recorded lectures of various subjects. Students can download Audio Books and access anytime, anywhere. Audio Books are provided for major subjects.
- **Virtual Class Room** : The institute holds Virtual Classroom sessions in which Professors give a live lecture from the campus studio and students can participate in the two way audio-video lectures from their residence through internet. These interactive sessions helps the institute to reach its students wherever they are.
- **E-learning Toolkit Support** : Additional academic support is provided in the form of E-Learning Toolkit to distance learning students. The E - Learning toolkit contains Summary, PPT as well as skill builder modules for every chapter of each subject.
- **We Tube** : In addition to the academic content in the form of books, E-Learning tool kit, We Lectures etc., the students benefit by referring additional video lectures from 'We Tube' section on latest topics related to various specialization areas like Marketing, Finance, Supply Chain Management, Soft Skill Development etc. The topics covered in We Tube are from practical field.
- **We Lounge** : It is an online platform which is designed to disseminate a wide spectrum of views of successful people in their respective fields. The institute invites dignitaries from various walks of life and interviews them on how they achieved success in their respective professions.
- **NewsWire Service:** Students are kept updated with news about the latest developments in their chosen specialization through this section provided on our website.
- **Video Dictionary:** To further help the student understand concepts clearly, and enhance their knowledge, Video Dictionary is made available. From this link, by typing any word/phrase, the student connects to numerous video lectures from "You Tube" and other online sources.
- **We UpSkill** : Students can participate in live interactive session through Virtual Classroom mode and sharpen their soft skills like Stress Management, Conflict Management, Time Management, Leadership etc.
- **We Care** Dedicated Online Support Service from where students can connect with the institute from here for information or to resolve any query / doubt. Any query raised on this platform gets a "Ticket no." which can be tracked from student login. The institute's team will revert back to the student at the earliest and to resolve query.
- **Various soft skill development facilities on optional and paid basis through following methods on weekends :**
 - Industry Visits
 - Movie Learning Sessions
 - Business Simulation Workshops
 - Experiential Learning Workshops
 - Rural Visits
 - Spiritual Visits etc.
