

Features

Clear Grease Guns™

MODEL LS-CGG

Lever Style Clear Grease Gun

Stop cross contamination with 100% positive identification with the patented Clear Grease Gun.

Each Clear Grease Gun is made from high-impact fracture resistant polycarbonate with durable T6061 aircraft grade anodized aluminum end caps. Lever-type, heavy duty 10,000 psi grease gun outputs 1 ounce per 33 strokes using No. 1 grease at 70°F.

Extremely tough polycarbonate 2 1/2in. barrel holds 16 ounces of bulk grease or a 14 1/2in. ounce cartridge.

Other parts are cadmium plated. 6in. extension. Hydraulic coupler. 21 3/4in. L overall.

MODEL PG-CGG

Pistol Grip Clear Grease Gun

Stop cross contamination with 100% positive identification with the patented Clear Grease Gun.

Each Clear Grease Gun is made from high-impact fracture resistant polycarbonate with durable T6061 aircraft grade anodized aluminum end caps.
