1. Foreign Direct Investment in India

Foreign Direct Investment (FDI) in India is :

- undertaken in accordance with the FDI Policy which is formulated and announced by the Government of India. The Department of Industrial Policy and Promotion, Ministry of Commerce and Industry, Government of India issues a “Consolidated FDI Policy Circular ” on an yearly basis on March 31 of each year (since 2010) elaborating the policy and the process in respect of FDI in India. The latest “Consolidated FDI Policy Circular” dated April 17, 2014 is available in the public domain and can be downloaded from the website of Ministry of Commerce and Industry, Department of Industrial Policy and Promotion – http://dipp.nic.in/English/Policies/FDI_Circular_2014.pdf governed by the provisions of the Foreign Exchange Management Act (FEMA), 1999. FEMA Regulations which prescribe amongst other things the mode of investments i.e. issue or acquisition of shares / convertible debentures and preference shares, manner of receipt of funds, pricing guidelines and reporting of the investments to the Reserve Bank. The Reserve Bank has issued Notification No. FEMA 20 /2000-RB dated May 3, 2000 which contains the Regulations in this regard. This Notification has been amended from time to time.

2. Entry routes for investments in India

Under the Foreign Direct Investments (FDI) Scheme, investments can be made in shares, mandatorily and fully convertible debentures and mandatorily and fully convertible preference shares¹ of an Indian company by non-residents through two routes:

- o **Automatic Route:** Under the Automatic Route, the foreign investor or the Indian company does not require any approval from the Reserve Bank or Government of India for the investment.
- o **Government Route:** Under the Government Route, the foreign investor or the Indian company should obtain prior approval of the Government of India(Foreign Investment Promotion Board (FIPB), Department of Economic Affairs (DEA),

¹ "Shares" mentioned in this **Master Circular** means equity shares, "preference shares" means fully and mandatorily convertible preference shares and "convertible debentures" means fully and mandatorily convertible debentures [cf. [A. P. \(DIR Series\) Circular Nos. 73 & 74](#) dated June 8, 2007]

Ministry of Finance or Department of Industrial Policy & Promotion, as the case may be) for the investment.

3. Eligibility for Investment in India

- (i) A person resident outside India² or an entity incorporated outside India, can invest in India, subject to the FDI Policy of the Government of India. A person who is a citizen of Bangladesh or an entity incorporated in Bangladesh can invest in India under the FDI Scheme, with the prior approval of the FIPB. Further, a person who is a citizen of Pakistan or an entity incorporated in Pakistan, may, with the prior approval of the FIPB, can invest in an Indian company under FDI Scheme, subject to the prohibitions applicable to all foreign investors and the Indian company, receiving such foreign direct investment, should not be engaged in sectors / activities pertaining to defence, space and atomic energy.
- (ii) NRIs, resident in Nepal and Bhutan as well as citizens of Nepal and Bhutan are permitted to invest in shares and convertible debentures of Indian companies under FDI Scheme on repatriation basis, subject to the condition that the amount of consideration for such investment shall be paid only by way of inward remittance in **free foreign exchange** through normal banking channels.
- (iii) Overseas Corporate Bodies (OCBs) have been de-recognised as a class of investor in India with effect from September 16, 2003. Erstwhile OCBs which are incorporated outside India and are not under adverse notice of the Reserve Bank can make fresh investments under the FDI Scheme as incorporated non-resident

² "person resident in India" means—[As per FEMA Sec 2(v)]

(i) a person residing in India for more than one hundred and eighty-two days during the course of the preceding financial year but does not include—

(A) a person who has gone out of India or who stays outside India, in either case—

(a) for or on taking up employment outside India, or

(b) for carrying on outside India a business or vocation outside India, or

(c) for any other purpose, in such circumstances as would indicate his intention to stay outside India for an uncertain period;

(B) a person who has come to or stays in India, in either case, otherwise than—

entities, with the prior approval of the Government of India, if the investment is through the Government Route; and with the prior approval of the Reserve Bank, if the investment is through the Automatic Route. However, before making any fresh FDI under the FDI scheme, an erstwhile OCB should through their AD bank, take a one time certification from RBI that it is not in the adverse list being maintained with the Reserve Bank of India.

ADs should also ensure that OCBs do not maintain any account other than NRO current account in line with the instructions as per [A.P. \(DIR Series\) Circular No. 14 dated September 16, 2003](#). Further, this NRO account should not be used for any fresh investments in India. Any fresh request for opening of NRO current account for liquidating previous investment held on non-repatriation basis should be forwarded by the AD bank to Foreign Exchange Department, Reserve Bank of India, Central Office, Mumbai. However, ADs should not close other category of accounts (NRE / FCNR / NRO) for OCBs which are in the adverse list of the Reserve Bank of India. These accounts are to be maintained by the respective AD banks in the frozen status.

4. Type of instruments

- i) Indian companies can issue equity shares, fully and mandatorily convertible debentures, fully and mandatorily convertible preference shares and warrants subject to the pricing guidelines / valuation norms and reporting requirements amongst other requirements as prescribed under FEMA Regulations.
- ii) As far as debentures are concerned, only those which are fully and mandatorily convertible into equity, within a specified time, would be reckoned as part of equity under the FDI Policy.
- iii) Prior to December 30, 2013, issue of other types of preference shares such as non-convertible, optionally convertible or partially convertible, were to be in accordance with the guidelines applicable for External Commercial Borrowings (ECBs). On and from December 30, 2013 it has been decided that optionality clauses may henceforth be allowed in equity shares and compulsorily and mandatorily convertible preference shares/debentures to be issued to a person resident outside India under the Foreign Direct Investment (FDI) Scheme. The optionality clause will oblige the buy-back of

securities from the investor at the price prevailing/value determined at the time of exercise of the optionality so as to enable the investor to exit without any assured return. The provision of optionality clause shall be subject to the following conditions:

(a) There is a minimum lock-in period of one year or a minimum lock-in period as prescribed under FDI Regulations, whichever is higher (e.g. defence and construction development sector where the lock-in period of three years has been prescribed). The lock-in period shall be effective from the date of allotment of such shares or convertible debentures or as prescribed for defence and construction development sectors, etc. in Annex B to Schedule 1 of Notification No. FEMA. 20 as amended from time to time;

(b) After the lock-in period, as applicable above, the non-resident investor exercising option/right shall be eligible to exit without any assured return, as under:

(i) In case of a listed company, the non-resident investor shall be eligible to exit at the market price prevailing at the recognised stock exchanges;

(ii) In case of unlisted company, the non-resident investor shall be eligible to exit from the investment in equity shares of the investee company at a price as per any internationally accepted pricing methodology on arm's length basis, duly certified by a Chartered Accountant or a SEBI registered Merchant Banker.

The guiding principle would be that the non-resident investor is not guaranteed any assured exit price at the time of making such investment/agreements and shall exit at the fair price computed as above at the time of exit, subject to lock-in period requirement, as applicable.

5. Pricing guidelines

- **Fresh issue of shares:** Price of fresh shares issued to persons resident outside India under the FDI Scheme, shall be :
 - on the basis of SEBI guidelines in case of listed companies.
 - not less than fair value of shares determined by a SEBI registered Merchant Banker or a Chartered Accountant as per as per any internationally accepted pricing methodology on arm's length basis.

The pricing guidelines as above are subject to pricing guidelines as enumerated in paragraph above, for exit from FDI with optionality clauses by non-resident investor.

The above pricing guidelines are also applicable for issue of shares against payment of lump sum technical know how fee / royalty due for payment/repayment or

conversion of ECB into equity or capitalization of pre incorporation expenses/import payables (with prior approval of Government).

The pricing of the partly paid equity shares shall be determined upfront and 25% of the total consideration amount (including share premium, if any), shall also be received upfront; The balance consideration towards fully paid equity shares shall be received within a period of 12 months.

The time period for receipt of the balance consideration within 12 months shall not be insisted upon where the issue size exceeds rupees five hundred crore and the issuer complies with Regulation 17 of the SEBI (Issue of Capital and Disclosure Requirements(ICDR)) Regulations regarding monitoring agency. Similarly, in case of an unlisted Indian company, the balance consideration amount can be received after 12 months where the issue size exceeds rupees five hundred crores. However, the investee company shall appoint a monitoring agency on the same lines as required in case of a listed Indian company under the SEBI (ICDR) Regulations. Such monitoring agency (AD Category -1 bank) shall report to the investee company as prescribed by the SEBI regulations, *ibid*, for the listed companies.

The pricing of the warrants and price/ conversion formula shall be determined upfront and 25% of the consideration amount shall also be received upfront. The balance consideration towards fully paid up equity shares shall be received within a period of 18 months;

The price at the time of conversion should not in any case be lower than the fair value worked out, at the time of issuance of such warrants, in accordance with the extant FEMA Regulations and pricing guidelines stipulated by RBI from time to time. Thus, Investee company shall be free to receive consideration more than the pre-agreed price.

³It is clarified that where the liability sought to be converted by the company is denominated in foreign currency as in case of ECB, import of capital goods, etc. it will be in order to apply the exchange rate prevailing on the date of the agreement between the parties concerned for such conversion. Reserve Bank will have no

³ Inserted vide [APDIR 94 dated January 16, 2014](#)

objection if the borrower company wishes to issue equity shares for a rupee amount less than that arrived at as mentioned above by a mutual agreement with the ECB lender. It may be noted that the fair value of the equity shares to be issued shall be worked out with reference to the date of conversion only.

It is further clarified that the principle of calculation of INR equivalent for a liability denominated in foreign currency as mentioned at paragraph 3 above shall apply, *mutatis mutandis*, to all cases where any payables/liability by an Indian company such as, lump sum fees/royalties, etc. are permitted to be converted to equity shares or other securities to be issued to a non-resident subject to the conditions stipulated under the respective Regulations.

- However, where non-residents (including NRIs) are making investments in an Indian company in compliance with the provisions of the Companies Act, 1956, by way of subscription to its Memorandum of Association, such investments may be made at face value subject to their eligibility to invest under the FDI scheme.
- **Additional conditions for issue of partly paid shares and warrants**

(a) The Indian company whose activity/ sector falls under government route would require prior approval of the Foreign Investment Promotion Board (FIPB), Government of India for issue of partly-paid shares/ warrants.

(b)The forfeiture of the amount paid upfront on non-payment of call money shall be in accordance with the provisions of the Companies Act, 2013 and Income tax provisions, as applicable;

(c) The company while issuing partly paid shares or warrants shall ensure that the sectoral caps are not breached even after the shares get fully paid-up or warrants get converted into fully paid equity shares. Similarly, the Non-resident investors acquiring partly paid shares or convertible debentures or warrants shall ensure that the sectoral caps are not breached even after the shares get fully paid-up or warrants get converted into fully paid equity shares.

(d) The deferment of payment of consideration amount or shortfall in receipt of consideration amount as per applicable pricing guidelines by the foreign investors will not be covered under these guidelines so as to be treated as subscription to partly

paid shares and warrants. Thus, the Investee company under these guidelines for issue/transfer of partly-paid shares/warrants, shall require to comply with the requirements under the Companies Act, 2013 for issuance of partly paid shares and warrants;

- **Issue of shares by SEZs against import of capital goods:** In this case, the share valuation has to be done by a Committee consisting of Development Commissioner and the appropriate Customs officials.
- **Right Shares:** The price of shares offered on rights basis by the Indian company to non-resident shareholders shall be:
 - i) In the case of shares of a company **listed** on a recognised stock exchange in India, at a price as determined by the company.
 - ii) In the case of shares of a company **not listed** on a recognised stock exchange in India, at a price which is not less than the price at which the offer on right basis is made to the resident shareholders.
- **Acquisition / transfer of existing shares (private arrangement).** The acquisition of existing shares from Resident to Non-resident (i.e. to incorporated non-resident entity other than erstwhile OCB, foreign national, NRI, FII) would be at a:-;
 - (a) negotiated price for shares of companies listed on a recognized stock exchange in India which shall not be less than the price at which the preferential allotment of shares can be made under the SEBI guidelines, as applicable, provided the same is determined for such duration as specified therein, preceding the relevant date, which shall be the date of purchase or sale of shares. The price per share arrived at should be certified by a SEBI registered Merchant Banker or a Chartered Accountant.
 - (b) negotiated price for shares of companies which are not listed on a recognized stock exchange in India which shall not be less than the fair value worked out as per any internationally accepted pricing methodology for valuation of shares on arm's length basis, duly certified by a Chartered Accountant or a SEBI registered Merchant BankerFurther, transfer of existing shares by Non-resident (i.e. by incorporated non-resident entity, erstwhile OCB, foreign national, NRI, FII) to Resident shall not be more than the minimum price at which the transfer of shares can be made from a resident to a non-resident as given above.

- The pricing of shares / convertible debentures / preference shares should be decided / determined upfront at the time of issue of the instruments. The price for the convertible instruments can also be a determined based on the conversion formula which has to be determined / fixed upfront, however the price at the time of conversion should not be less than the fair value worked out, at the time of issuance of these instruments, in accordance with the extant FEMA regulations.
- The pricing guidelines as above, are subject to pricing guidelines as enumerated in paragraph above, for exit from FDI with optionality clauses by non-resident investor.

6. Mode of Payment

B. Direct and indirect foreign investment in Indian companies – meaning

2. Investment in Indian companies can be made by both non-resident as well as resident Indian entities. Any non-resident investment in an Indian company is direct foreign investment. Investment by resident Indian entities could again comprise both resident and non-resident investments. Thus, such an Indian company would have indirect foreign investment if the Indian investing company has foreign investment in it. The indirect investment can also be a cascading investment, i.e. through multi-layered structure.

C. Guidelines for calculation of total foreign investment, i.e., direct and indirect foreign investment in an Indian company.

3.(i) Counting of Direct foreign investment: All investments made directly by non-resident entities into the Indian company would be counted towards 'Direct foreign investment'.

(ii) Counting of indirect foreign Investment: The entire indirect foreign investment by the investing company into the other Indian Company would be considered for the purpose of computation of indirect foreign investment. However, as an exception, the indirect foreign investment in the 100% owned subsidiaries of operating-cum-investing/investing companies will be limited to the foreign investment in the operating-cum-investing/ investing company. This exception has been made since the downstream investment of a 100% owned subsidiary of the holding company is akin to investment made by the holding company and the downstream investment should be a mirror image of the holding company. This exception, however, is strictly for those cases where the entire capital of the downstream subsidiary is owned by the holding company.

(iii) The methodology for calculation of total foreign investment would apply at every stage of investment in Indian companies and thus in each and every Indian company.

(iv) Additional requirements

(A) The full details about the foreign investment including ownership details etc. in Indian company /ies and information about the control of the company /ies would be furnished by the Company /ies to the Government of India at the time of seeking approval.

The approving authority will consider such inter-se agreements

for determining ownership and control when considering the case for approval of foreign investment.

(C) In all sectors attracting sectoral caps, the balance equity i.e. beyond the sectoral foreign investment cap, would specifically be beneficially owned by/held with/in the hands of resident Indian citizens and Indian companies, owned and controlled by resident Indian citizens.

(D) In the I& B and Defence sectors where the sectoral cap is less than 49%, the company would need to be “owned and controlled” by resident Indian citizens and Indian companies, which are owned and controlled by resident Indian citizens.

(a) For this purpose, the equity held by the largest Indian shareholder would have to be at least 51% of the total equity, excluding the equity held by Public Sector Banks and Public Financial Institutions, as defined in Section 4A of the Companies Act, 1956. The term “largest Indian shareholder”, used in this clause, will include any or a combination of the following:

binding agreement to act as a single unit in managing the matters of the applicant company.

- (E) If a declaration is made by persons as per section 187C of the Indian Companies Act about a beneficial interest being held by a non resident entity, then even though the investment may be made by a resident Indian citizen, the same shall be counted as foreign investment.
4. The above mentioned policy and methodology would be applicable for determining the total foreign investment in all sectors, except in sectors where it is specified in a statute or a rule there under. The above methodology of determining direct and indirect foreign investment therefore does not apply to the insurance sector which will continue to be governed by the relevant Regulation.
- D. Guidelines for establishment of Indian companies/ transfer of ownership or control of Indian companies, from resident Indian citizens and Indian companies to non-resident entities, in sectors with caps.
5. In sectors/activities with caps, including, inter-alia, defence production, air transport services, ground handling services, asset reconstruction companies, private sector banking, broadcasting, commodity exchanges, credit information companies, insurance, print media, telecommunications and satellites, Government approval/FIPB approval would be required in all cases where:
- (i) An Indian company is being established with foreign investment and is not owned by a resident entity or
 - (ii) An Indian company is being established with foreign investment and is not controlled by a resident entity or
 - (iii) The control of an existing Indian company, currently owned or controlled by resident Indian citizens and Indian companies, which are owned or controlled by resident Indian citizens, will be/is being transferred/passed on to a non-resident entity as a consequence of transfer of shares and/or fresh issue of shares to non-resident entities through amalgamation, merger/demerger, acquisition, etc. or
 - (iv) The ownership of an existing Indian company, currently owned or controlled by resident Indian citizens and Indian companies, which are owned or controlled by resident Indian citizens, will be/is being transferred/passed on to a non-resident

- (v) It is clarified that these guidelines will not apply to sectors/activities where there are no foreign investment caps, that is, where 100% foreign investment is permitted under the automatic route.
- (vi) For the purpose of computation of indirect foreign investment, foreign investment shall include all types of direct foreign investments in the Indian company making downstream investment. For this purpose, portfolio investments either by FIIs, NRIs, QFIs or RFPs holding as on March 31 of the previous year would be taken into account. e.g. for monitoring foreign investment for the financial year 2011-12, investment as on March 31, 2011 would be taken into account. Besides, investments in the form of Foreign Direct Investment, Foreign Venture Capital investment, investments in ADRs/GDRs, Foreign Currency Convertible Bonds (FCCB) will also be taken in account. Thus, regardless of the investments having been made under Schedule 1, 2, 2A, 3, 6 and 8 of the [Notification No.FEMA. 20/2000-RB dated May 3, 2000](#), as amended from time to time will be taken into account.
